## SPANISH AVIATORS AT MACAO.

SLIGHT ACCIDENT ON LANDING.  
PERILS AND SET-BACKS OF THE  
JOURNEY.

CAPT. GALLARZA INTERVIEWED.

[BY OUR OWN REPRESENTATIVE.]

The perils and almost disheartening set-backs experienced by the Spanish aviators on their flight from Madrid to the Far East were revealed on Saturday when, at the new Boa Vista Hotel, Macao, Captain Gallarza, who reached the Portuguese Colony about 5 o'clock, was interviewed by a Daily Press representative.

A tired, care-worn and worried looking young man, Capt. Gallarza seemed utterly done up, but as he is to remain in Macao for some days, perhaps more than a week, the rest, no doubt, will be beneficial to him.

#### COLLISION WITH A TREE.

Capt. Gallarza, accompanied by his mechanic, Corporal Joaquin Arozamena, reached Macao about 5 o'clock, but, unfortunately, in landing, an accident occurred to the machine.

All Macao turned out to witness the arrival of the 'planes, for two were expected. A large field had been specially mapped out as a landing place, and a huge cross was marked on the field to indicate their resting place to the aviators.

Excitement was at its highest pitch when the aeroplane came into sight, and it was this perhaps that was responsible for the accident. In the course of his talk Capt. Gallarza said that seeing this cross he understood that there was a ditch running through the field which he must avoid. He made a fine and skilful landing slightly to the right of the field marking—and then the excitement of the people resulted in accident.

When he was some feet from the ground crowds began to race to the machine, and, as he explained, to avoid killing someone, as he undoubtedly must have done, he swerved away, and the machine crashed into a tree. However, neither aviator nor mechanic was hurt, and the warmth of the reception the aviators received made up for the slight accident in landing—slight it was, for the machine was not very badly damaged.

#### RECEPTION BY H.E. THE GOVERNOR.

Capt. Gallarza was introduced to H.E. the Governor of Macao and 'all the officials of the Colony, who had assembled near the landing field, by Senor Eduardo Ros, representing the Spanish Consul, the Spanish Colony of Manila, and also El Mercurio, the only Spanish newspaper in the Philippines. There were also present in Macao to welcome the aviators, Senor Arsenio Luz, Director of the Philippines Carnival, and Senor Carlos P. Romulo, Editor of the Tribune.

#### THE MISSING AVIATOR.

Questioned regarding Capt. Estevez, who, it will be recalled, was lost in the Trans-Jordanian desert, and rescued several days afterwards by British aviators, Capt. Gallarza said he knew nothing more than what had appeared in the newspapers. 'Smilingly, he said it was impossible for the men in one machine to keep looking back for the machines of their comrades. They had simply to push on, and expect their brother aviators to turn up at the next stopping place.

Talking of the weather experienced on the flight, Capt. Gallarza said the first half of the journey was accomplished under ideal conditions, but atmospheric conditions in the last 400 kilometres were terrible. Strong winds, cloud and fog, were met with, and at times when he thought he was at least 1,000 feet up, he suddenly discovered that he was within a few feet of the sea. This was one of the many perils of the fogs which they experienced. In addition they came through heavy rains, which were not at all conducive to comfortable flying.

## "DEAL RESOLUTELY WITH SITUATION"

THE BOLSHIEV MENACE IN  
SOUTH CHINA.

CHINA ASSOCIATION'S ADVICE TO  
HOME GOVERNMENT.

The annual report of the China Association, dated London, March 28th, and signed by Mr. L. N. Lee, as Chairman, has just come to hand.

It is of particular interest this year. For one thing the Hongkong branch of the Association has been revived and during the past few months there has been active co-operation with the parent body. For another the Association has been in close touch with the Home Government and has appointed two of its members—Mr. David Landale and Mr. G. Warren Swire—to serve on the China Committee the body constituted to act in some measure as advisers to the Foreign Office during the present crisis of affairs in China. As is known Lord Southborough is Chairman of this Committee and other members, well-known in Hongkong, include Sir H. Cunliffe-Owen, Bt., the Chairman of the British-American Tobacco Co., Mr. Stanley H. Dodwell, representing the London Chamber of Commerce, Mr. L. N. Lee, an ex-officio member and Sir Robert Waley Cohen, of the Asiatic Petroleum Company, Sir Newton J. Stubb, Mr. Richard D. Holt and Major W. S. Nathan, co-opted members.

The China Association's Report reviews briefly the happenings in China from the end of September, 1925, to the end of April and very naturally devotes a comparatively large amount of space to conditions in South China. It contrasts the conclusion that a strong policy to counter the Bolshiev menace might now be safely adopted here. Four or five months ago, such a policy, it admits, might have been misunderstood in Peking but the general opinion appears to be that that danger is now passed and the association is bringing as much pressure as possible on the British Government to deal resolutely with the situation.

(Continued on next Column).

At the Boa Vista Hotel, Macao, on Saturday night, while the mechanic was entertained by a small party of friends, Capt. Gallarza had a very quiet dinner in his own room.

The two Spanish aeroplanes left Hanoi at 7 a.m. on Saturday morning, but up to 11 p.m. nothing was known in Macao of the other machine's whereabouts, and it is supposed that the aviators must have experienced engine trouble and were forced to land. The arrival of Capt. Loriga, in the missing 'plane, is being looked forward to by the people of Macao, who as soon as he turns up, are to give a dinner in honour of the aviators at the Boa Vista Hotel.

#### COMPLETE OVERHAUL.

Regarding the accident to the machine in landing, Capt. Gallarza said this might make it necessary for him to come either to Hongkong or Canton for repairs, but he could not say anything definite on this matter, as the machine would now have to be completely overhauled.

If he can fix up repairs to his machine in Manila Capt. Gallarza is to fly direct to Luzon, in the Philippines, where his arrival is eagerly expected. Here he will be met by 25 American Army aeroplanes who will escort him to Manila. As an indication of the interest the people of the Philippines are taking in the flight, it is worth noting that in Macao on Saturday, the Philippine newspapermen, who met the aviators, handed to Capt. Gallarza messages from the President of the Senate and the Speaker of the House of Representatives of the Philippine Islands.

#### FUTURE PLANS.

When the Philippines are reached Capt. Gallarza does not know whether he will return to Spain by air, or ship his 'plane home by steamer. He will await orders from the Spanish Government. If the latter desire him to return by air he will fly homewards, via Japan and Siberia. A thoroughly tired out man, Capt. Gallarza, after the interview retired to his room, to rest, and forget about the dangers he had experienced in a very gallant and hazardous venture.

The report says: "In Peking itself there have been plenty of the familiar demonstrations, and a strike of employees at the British Legation, though in one sense no more than a nuisance, was probably intended as a specially significant indignity."

"It is pleasant to record that towards the close of the year the anti-British feeling diminished considerably, and that the boycott came to an end except in South China. The goodwill created by long years of fair dealing by the British in China is apparently reasserting its influence, and it is believed that the more solid elements among the Chinese appreciate the fact that they have no better friends, however seriously relations may be disturbed by the efforts of agitators bent on making the most of temporary causes of friction."

"It would be difficult to exaggerate the gravity of the situation in Canton and Swatow, and the position of Hongkong in particular remains very serious. The anti-British propaganda has enabled the Soviet representatives to establish their stronghold in Canton still more firmly, and the so-called Government in Canton is virtually controlled by the various strike Committees, who have so far rendered abortive all efforts to arrive at a settlement with the Hongkong Government. From Canton an effective boycott has been maintained against Hongkong, and has persisted after the boycott throughout the north of China has ceased. The fact that no effective measures have been taken against Canton has undoubtedly diminished British prestige, not only in the south, but throughout China. Hongkong is a British possession, and is not in the same category as the international Settlements and Concessions in China. An attack on the trade of Hongkong is a direct attack against British interests. The attack is made not by the Government recognised by the Powers as the Government of China, but by, or with the assistance of a Government which is a rebel Government so far as Peking is concerned. Events have abundantly confirmed the Association's view that the state of affairs existing in South China is due almost solely to Bolshiev influence, directed not alone against Hongkong, but against the British Empire. Four or five months ago there was real danger that a strong policy to counter the Bolshiev menace in the south might have been misunderstood in the north of China, and have adversely affected the situation as a whole, but to-day events have changed considerably; in fact, there are distinct signs of an anti-Bolshiev movement in the north, amongst the Chinese themselves. The greatest pressure is being brought to bear on the British Government to deal resolutely with the situation. Unless such action is taken, it is difficult to see how the vital interests at stake in Hongkong are to be adequately protected, or how we are to retain our share of trade with China. For it is impossible indefinitely to remain passive spectators of the innumerable insults and injuries suffered by the British communities, both official and commercial, in Canton and Swatow, and of a situation which appears to threaten the future of Hongkong."

"The Association throughout has been sympathetic towards China's legitimate national aspirations; its efforts have been directed towards examining every means that might lead to the restoration and continuance of friendly trading relations with China, which is the sole object that Britain has in view, but, in face of the impossible attitude adopted by the agency of the Strike Committee, it is manifest that this objective cannot be gained by the continuance of a policy of patience and inaction."

The report refers to the fact that ill-health precludes Sir Gershom Stewart from continuing in the office of President of the Association. At the annual meeting to be held on March 31st Lord Southborough was to be nominated as President and Mr. L. N. Lee, Mr. Stanley H. Dodwell and Mr. H. G. Simms as Chairman, Vice-Chairman and Hon. Treasurer respectively.

**HONGKONG TENNIS LEAGUE.**  
THE CHAMPIONS DEFEATED.  
FULL RESULTS.

The commencement of the Hongkong Tennis League on Saturday was marked by the surprising defeat of the Champions.

The United Services Recreation Club, holders of first place in the "A" division last year were beaten on their own ground by the M.B.K.

The second string of the U.S.R.C., however, retaliated by defeating the Japanese second string.

There were two victories by wide margins in the "C" division and one in the "B" division.

The best individual performance was the winning of 31 games out of a possible 33 by Sayer and Wilson for the Civil Service in the "B" division.

Full results are appended:

### HONGKONG MISSIONS TO SEAMEN.

#### HOW THE BOYCOTT HAS AFFECTED THE WORK.

##### THE REPORT FOR 1925.

The annual report of the Missions to Seamen in Hongkong, which has just been issued, signed by the Rev. G. T. Waldegrave, Chaplain, deals, as was to be expected, very largely with the interference in the work of the Mission caused by the "Strike and Boycott."

After describing how the work of the Institute was carried on, when the Staff left in June last, the report continues:—"The loss sustained by the Society owing to the Strike and Boycott is shown most clearly when we come to deal with statistics. The numbers of seafarers attending our Church Services were seriously affected, a misfortune if it can be called so, which we shared with the branch in Shanghai. In both 'stations' for Sunday after Sunday, where previously the seafolk attendance had averaged about 25 or more according to the shipping in port, the numbers dropped to single figures. In spite of this, however, in Hongkong we are only some 120 'down' on the 1924 figures, while we are thankful to be able to report that there is a slight increase in the number of attendances at Celebrations of the Holy Communion."

Owing to the presence in port of so many of H.M. vessels for longer times than usual our indoor social figures show an increase, though those quoted only record attendances of seafarers at "shows" organised by us, and does not include ship's company dances which for the most part are run by the Ships' Dancing Clubs."

The beds occupied during the year also show a decrease, for it must be remembered that during part of the trouble men were not allowed to sleep ashore, but had to return on board each night, and also for that some little time, only those men who were already boarding in the Institute were able to sleep there owing to the greatly diminished staff being only able to cope with that much of the work.

When we come to deal with finance, we find there the most evident results of all the trouble. And in this we have cause for very careful and anxious thought.

We started the year with an adverse balance of over \$11,500, and our aim was to clear at least some of this off during 1925. Circumstances unfortunately proved against us, and for the rest of the twelve months all we could hope to do was to keep the work going.

The Hongkong and Shanghai Banking Corporation were good enough to allow us to increase the mortgage on the Seamen's Institute from \$60,000 to \$80,000, covering not only the Reclamation Fund, No. 2 Account, but also the overdraft on the Current Account, up to a limit of \$15,000. This enabled us to carry on, but the end of December came with the limit nearly reached, and certain investments bringing in no interest. A further result of the boycott was the increase in unemployment, most of those men so unfortunately situated being officers and engineers of the river steamers, whose savings were soon exhausted. These men we could not possibly refuse to take in at the Institute, for the fault was not theirs, and at any time it seemed likely that their posts in the steamers would be open again, and though when able to do so, they will undoubtedly repay us any money owed us, this sad state of affairs has made it increasingly hard for us to make both ends meet. We always have certain bad debts, mostly incurred by men who made vague promises to pay some time, men whom we are here for the very purpose of helping and could help far more easily if they would only help themselves. If these debts could be repaid we should be in a very much better position, but as it is we have had to limit the extent of our help to the most necessities and reasonable cases. Needless to say, it is most difficult to say "No," when perhaps another chance may make all the difference. The year finished financially with a debit balance of \$15,278.31, bad debts amounting to \$2,000.

The financial stress as already stated was one of the causes of the closing of the Kowloon Institute. At one time it seemed likely that we should be able to let the building, and in fact all had been done but the signing of the papers, but it was discovered during an inspection of the structure that one of the walls had very recently developed signs of weakness, due it is believed to the thrust of the roof, and the cost of even the most necessary repairs alone was prohibitive considering the exhausted state of our exchequer. At the close of the year no definite decision had been made as to the future of the building.

We have received from many sources generous and willing assistance in trying to raise money. In April the Band of the 1st Battalion of the East Surrey Regiment, by kind permission of Lieutenant Colonel Montague Bates, C.B., D.S.O., gave a very successful orchestral concert on our behalf in the Theatre Royal, the Hongkong Jockey Club made a large donation, and St. Stephen's Girls' College sent a substantial sum as a part of the proceeds of a concert given by them in the School Hall. The Institute of Engineers and Shipbuilders of Hongkong again voted a substantial grant to us.

To one and all then we extend our grateful thanks for help given in so many different ways. We feel that though at present our position is straitened, yet so much sympathy has been shown us that we should be proving ourselves culpably lacking in faith and in belief in our great cause and above all in our Leader did we give way to despondency. We believe that the call has gone out that this work shall be (Continued at foot of next column.)

### NORTH BORNEO PLANTERS' ASSOCIATION.

#### A NEW ORGANISATION.

At a meeting of the Committee of the North Borneo Chamber of Commerce held on April 9th, a letter was read from the Secretary of a meeting of estate managers held at Beaufort at which it was decided to form a North Borneo Planters' Association.

The letter said: "Estate managers on this Coast have decided that it is desirable that planting interests should have independent representation in North Borneo, and it is for that purpose that the Association has been formed."

"The Association fully recognises that on many occasions and in many directions planting interests will coincide with commercial and mercantile interests, and when these occasions arise the North Borneo Chamber of Commerce can rely on our support and co-operation."

Therefore, our Chairman suggests that there should be an exchange of minutes of all meetings held by both bodies so that in any case where issues are at conflict there may be an immediate exchange of views before either party expresses its attitude to Government."

The Secretary was instructed to reply that the North Borneo Chamber of Commerce would be willing to co-operate in every way with the Planters' Association and to exchange minutes of meetings held.

It was pointed out, however, that matters concerning planting interests had always occupied a prominent place in the Chamber's deliberations and the Chamber still felt it was in a position to represent the views and interests of its large planting membership.

Views pertaining to matters of mutual interest would always be exchanged with the new West Coast Planters' Association; but the Chamber reserved the privilege of independent action when deemed necessary.

Among those present at the Chamber of Commerce meeting were: The Hon. Mr. F. W. Pincock (in the Chair), Mr. A. D. Henne, Mr. G. Mavor, Mr. Soh Siew Boh, and Mr. C. K. Langlands (Hon. Secretary).

[BY ARGUS.]

The Hongkong Jockey Club were  
favoured with fine weather, on Saturday  
afternoon for the second extra race meet-  
ing. The attendance, on the whole was  
satisfactory, though one or two of the  
"regulars" were absent.

The Band of the 1st Bn. East Surrey  
Regiment was present throughout the  
afternoon, and played before and between  
the races. The concession of "playing  
the crowd off the course," however, has  
not yet been granted.

The glass case in which the Totalisator  
returns are now posted, near the Judge's  
box, is a great convenience to the Press.  
There was the usual complaint about  
delay in posting up returns for the Cash  
Sweep and Totalisator and in paying out  
dividends. The first two grievances  
should be easy to remedy, but the latter  
is more difficult and all must be dealt  
with in a separate article.

In the race for the Aggregate Stakes,  
Mr. L. P. Ralph was fortunate to escape  
with only a shaking when Saracen fell  
with him passing the 6-furlong post. Mr.  
Ralph was thrown into the ditch and as  
he was not seen to rise for quite a couple  
of minutes, there was much anxiety  
among his friends. As a matter of fact,  
Mr. Ralph, though badly shaken, was  
lying "doggo" until he was satisfied that  
Saracen was also "coming over" the rails.

I visited the spot afterwards and it was  
evident that Saracen had got his off hind  
leg under the rail. This brought him  
down and also knocked down the rail,  
which struck Mr. Ralph on the knee as  
the pony fell.

In the last event (before the start),  
Mr. Nemazez parted company with Sun-  
burst Rose, but the pony was soon caught  
and eventually finished third.

The "going" was fair, but sticky  
in places and slippery round by the  
6-furlong post.

## THE RACING.

Out of the six selections given in the  
*Daily Press* on Saturday, five won while  
Brigade Call, as indicated, found the  
drier course more to his liking and turned  
the tables on San Diego.

The opening event fell to Sir Paul  
Chater's Melody Dahlia, a red hot  
favourite. Events proved that the public  
were somewhat overconfident, as Recha-  
bite ran the winner to a neck and in my  
opinion Melody was all out.

In the second event, after Home Call  
and The Regent had made the pace to  
the turn for home, the Goblin (Mr.  
Ralph) came with a great run down the  
straight to make a dead-heat with Home  
Call in the fast time of 1.32. Goblin's  
last quarter must have been well inside  
30 seconds.

The result reflects the chief honours on  
Home Call, a sub-griffin who was conced-  
ing 11 lbs. to the Goblin, on whom a  
reserve of \$2,000 was put at the auction.  
The Goblin did well to make a dead-heat  
of it, as he was badly drawn and got  
away very slowly when the flag fell.

The Polo Scourry attracted eleven  
ponies and provided plenty of excite-  
ment. Col. Hall Brutton got the field  
away at the fourth attempt to an ex-  
cellent start. Conquistador, ridden by  
Mr. Reidy, was first into the straight  
and, hard ridden, remained there till the  
winning post. Blue Monday failing by  
1 length, with Mark II. close up third.

The dividends *en bloc*, it is under-  
stood, are a record for the course. Place  
money was chiefly on Racehorse (289),  
Shot III. (168), Hailsham (188), and  
Christmas Eve (44). The favourite  
finished fourth.

Saligia won the Aggregate Stakes by  
three lengths from Total Abstinence, but  
the time was poor. Had Saracen placed  
up, a very different result might have  
been chronicled as he was running very  
kindly in the hands of his new pilot.

In the Dominion Plate, Mr. Nemazez  
on Sandpiper led the field a merry dance  
until the 2-furlong post was reached,  
when Brigade Call was sent up to the  
leaders. He came away from the quarter-  
mile post to win somewhat handsily from  
San Diego, with the Sandpiper one  
length away.

In the "B" Class Commonwealth  
Handicap, Craigavad led, from a strag-  
gling start, to the foot of the hill, where  
Reynolds took command and led into the

straight. At this point, Mr. Doyle  
called on The Gezer who came away to  
win by six lengths.

In the Empire Handicap, Dobbin led  
from start to finish to win by three  
lengths from Loch Rannoch.

## HIGHWAY ROBBERY SEQUEL.

ALLEGED EXPLOITS OF A  
JAPANESE.

The alleged exploits of a Japanese will  
be explained at the Central Magistracy  
to-day, when he will be charged with  
having committed highway robbery.

The man, who was captured on Thurs-  
day night following a chase in the Cen-  
tral district, was accused at the time of  
snatching a Chinese lady's handbag.  
Upon his arrest, it is stated that he was  
further identified as being implicated in  
attempting highway robbery.

On Wednesday afternoon, a cook of  
No. 6, Felix Villas, was held up in Jubilee  
Road by a man who produced a dagger.  
He, however, managed to escape. Soon  
after the cook of No. 2, Felix Villas, was  
similarly held up, the robber this time  
getting away with \$1.50. The cook will  
be a witness in the case against the  
Japanese.

## A SWINDLE EXPOSED.

FRENCHMAN SENTENCED FOR  
POSSESSION OF HEROIN.

Joseph Torre, a French commercial  
traveller, who had been residing at the  
Astor House Hotel, again appeared be-  
fore Mr. R. E. Lindsell at the Central  
Magistracy on Saturday, charged with  
the possession of a quantity of heroin.

It was stated that altogether 215 one-  
ounce bottles were examined by the Im-  
ports and Exports Department and the  
total quantity of drug covered by the  
Analyst's certificates amounted to 31  
ounces, valued 860. The bottles were  
labelled "Heroin Hydrochlor."

Mr. J. D. Lloyd, Superintendent of  
Imports and Exports, who prosecuted,  
said that some of the bottles had been  
most ingeniously made up and contained  
precipitated chalk and starch. There  
was only one genuine bottle and this  
Mr. Lloyd said, accused would show to a  
customer. When a bargain was struck  
he would hand over the faked bottles.

Accused said that the bottles were  
given to him in Shanghai to take to  
Canton and he did not think there was  
any harm in taking them through Hong-  
kong. He had nothing more to say ex-  
cept to express regret for what he had  
done.

His Worship remarked that not only  
had accused been handling a pernicious  
drug but he had attempted a swindle by  
having a small quantity of heroin with  
the rest of the bottles filled with starch.  
Accused replied that he was only en-  
gaged to carry the bottles and not to sell  
them.

Mr. Lloyd said that he had reason to  
believe that accused was concerned in a  
local arms case in 1923 and also that he  
was wanted by the police in Saigon. In  
the present instance the value of the  
seizure was small; otherwise he would  
have asked for a committal.

His Worship imposed a fine of \$1,000  
(or six months' imprisonment) and also  
sentenced prisoner to six months' hard  
labour in addition.

## THE BATHING BEACHES.

SEASON OPENED ON SATURDAY.

The bathing season officially opened on  
Saturday, and the warmer weather  
added considerably to the number of  
bathers.

# PRACTICAL SOCIAL SERVICE. CARING FOR THE HONGKONG "STREET BOYS." AN INTERESTING EXPERIMENT.

What may be considered a valuable social service for the children of the tenement districts in Hongkong has been in progress for some time under the auspices of the Junior Division of the Chinese Y.M.C.A., and the last few weeks has seen much encouragement in the work.

Hundreds of "street boys," children who have little guidance from their parents, are now being organized into small groups under trained leadership for weekly activities of educational, religious, physical, and social character. While under supervision, the boys are left to hold their own meetings and play their own games and provide their own entertainments with as little interference as possible.

Yesterday, hundreds of these "street boys" gathered at the Chinese Y.M.C.A. gymnasium to meet their advisers and other grown up persons interested in boys' work at a "country folk and workers" gathering. Boys and adults gathered around a circle of benches and talked, sang, played games, and participated in a typical village luncheon. Among those who sat down with the boys were business men and teachers of Hongkong schools.

Mr. P. Y. Loo, of the Bank of China, a college graduate and a member of a well-known family of Canton, was present and he enjoyed the experience. He thought that more business men should mix with these children of the tenements in order gradually to break the caste line which now exists. Many labour troubles in South China would, he thought, be avoided if there was more social intercourse between all classes of people.

The gathering was presided over by Mr. Huang Hsin Chao, a Chinese newspaperman and a teacher of Ying Wa College, in his capacity of vice-chairman of the committee which has the boys' clubs work in charge.

Mr. Huang announced at the meeting that, by courtesy of Headmaster Richard Shim of Ying Wa College, the school premises will be given over during the evenings for the conduct of night schools for boys who have to work and have no chance to attend school during the day time. Parents who cannot afford to buy books for their children or perhaps have not interest enough in them to do so, are to be encouraged to send their young ones to Ying Wa in the evenings, where not only tuition but also books are free.

Before the gathering, at the Chinese Y.M.C.A. on Sunday ended, the "street boys" played a basketball game with a regular school team. The "street boys" lost, but every point they made was cheered by hundreds of their well-wishers. Several boys from Ying Wa helped Mr. Li Shi Pak and Mr. Chang Loo Kau, junior secretaries of the Y.M.C.A., to provide a happy time for the boys.

## MAY DAY IN CANTON.

### A MONTH OF CONFERENCES AND CONVENTIONS.

[FROM OUR CHINESE CORRESPONDENT.]

May will be a holiday and convention month in Canton.

Saturday saw the opening of three important Conferences but there was no disturbance of any kind.

The third Conference of Chinese Labour, with delegates from Peking, Hankow, Changsha, Shanghai, Hongkong, Canton and other ports to the number of nearly 9,000, held its opening session.

Some 900 farmers, said to represent more than 800,000 members of the Peasants' League in 37 districts of Kwangtung, also held their first agricultural-political meeting.

In addition there was a Conference of school teachers and educational organizers. Kuomintang officials attended all the meetings.

Following these conventions which will end about the middle of the month, there will be an open athletic meeting with entries from schools and clubs in many towns and cities, including Hongkong. The merchants' league, a body of merchants friendly to the Kuomintang in some 15 cities outside Canton, will have its first provincial conference on May 15th.

The students in Canton will also be busy. In addition to preparing for the athletic meeting, the younger ones belonging to the boy scout movement are arranging for a parade.

## THE NEW CHIEF OF POLICE.

Since the assumption of the office of Commissioner of Police in Canton by General Li Chang Te, a lieutenant of General Chiang Kai Shek, many police officials in the Southern Capital have been replaced by new men. A good many reforms are being carried out.

## MUTINY AT CHANGSHA.

General Tang Seng Chi, formerly a garrison commissioner in Hunan who recently succeeded in driving out General Chao Heng Te, the Tsuchan and his superior in the Province, is now himself facing a mutiny at Changsha. He has just concluded an arrangement with the Canton-Kuomintang under which, if he has to leave Hunan, he will be allowed to take his men to northern districts in Kwangtung. In the meantime, the Kuomintang in Canton, through its military council, has instructed General Tan Yei Kai, a Hunanese, to reinforce General Tang, if possible. General Tang at first sided with Marshal Wu Pei Fu, the Yangtze warlord, but he was not trusted by Marshal Wu. There is a good deal of fighting in the Province and it is regarded by many as something more serious than simply rivalries between villages and clans.

# SIR ARTHUR YAPP'S VISIT. HIS MESSAGE TO HONGKONG'S YOUNG MEN. THE Y.M.C.A. FORGING AHEAD.

The European Y.M.C.A., Kowloon, was honoured during the week-end by a flying visit from two of the heads of this world-wide organisation—Sir Arthur Yapp (National Secretary of the English Y.M.C.A.), and Mr. T. R. Ponsford (Foreign Secretary of the movement).

Sir Arthur Yapp and Mr. Ponsford are on a tour of the East and arrived on Saturday by the P. & O. s.s. *Kyber* from Singapore.

Previous to coming to Hongkong they had visited Port Said, where they noted great progress being made in Y.M.C.A. work by Mohammedans and members of all religions, working harmoniously together. From Port Said Sir Arthur and his companion proceeded to Bombay, then to Calcutta, where there are nine branches of the Association, and from there to Rangoon and Malaya.

Sir Arthur and Mr. Ponsford left Hongkong yesterday morning on the *Kyber* for Shanghai, where they will see the large new building, given by a member of the Dollar family, at a cost of over £100,000, which is in course of erection for the use of Europeans.

From Shanghai they proceed to Japan. On the way home they will study the working of the emigration scheme in Canada.

Upon arrival in Hongkong on Saturday, Sir Arthur and Mr. Ponsford were met by Mr. J. L. McPherson (General Secretary of the Y.M.C.A.) and Mr. J. H. Hunt (Secretary of the European Y.M.C.A., Kowloon), who showed the visitors as much as possible of the Colony in the short time at their disposal. They went for a drive around the Island, and in the evening, prior to a meeting of members in the Lounge of the European Y.M.C.A., were entertained to dinner by the Board of Directors and Trustees.

Those present at this function included—Sir Henry Pollock, K.C. (President), His Hon. Mr. Justice J. R. Wood, Rev. H. Copley Moyle, M.A., Mr. W. L. Pattenden, Mr. A. S. D. Cusland, Lieut.-Col. Edmeades, D.S.O., R.A., Mr. T. G. Weall, Rev. G. R. Lindsay, M.A., Mr. J. L. McPherson, M.A., Rev. Powell, M.A., Mr. P. Sands, B.A., Rev. R. D. Rees, M.A., Mr. J. H. Geldart and Mr. J. H. Hunt.

## THE MEETING.

Following dinner the meeting of members was held and this was presided over by Sir Henry Pollock, K.C. (President).

Sir Arthur, in the course of an eloquent address, described the work being carried out in the various places he had called at *en route* to Hongkong and said all the branches showed a liveliness and vitality that demonstrated that the Y.M.C.A. had taken on a new lease of life and was forging ahead in India.

Introducing the two visitors Sir Henry Pollock said that the members of the Hongkong Y.M.C.A. were very fortunate in having amongst them two workers whose names were household words. Sir Arthur Yapp had worked for the Association for a number of years and a few years ago he had received the distinction of Knight of the British Empire for his work in connection with the movement.

## A UNIQUE POSITION.

In the course of a brief address, Mr. T. R. Ponsford said he believed the position of the Association in Hongkong was unique. With the uncertainties and intrigues in China to-day the members of the Association were closely involved and it was up to the Association as never before to help in the work of reconciliation in bridging the gulf between classes and races and to help in bringing order out of chaos.

The Y.M.C.A. would come out of the ordeal he was sure, as they had in the past, with flying colours and prove to the world that an international association of this kind with its far reaching influence in the political, religious and social worlds could bring about the desired results in due time.

He was very grateful for the opportunity that had been afforded him of seeing something of their Island, which he knew so little about before. When they got home again they would do their utmost to keep in closer touch with those in Hongkong and do justice by them in the great work they had undertaken and carried out so admirably. In conclusion, Mr. Ponsford extended a welcome to any members of the Hongkong Y.M.C.A. to visit the headquarters in London when they were in England. (Loud applause.)

## SIR ARTHUR YAPP.

Sir Arthur Yapp expressed his pleasure at being present and said that quite frankly they were globe-trotters. They did India in a week, Burma in three or four days, Malaya in a month and now, worst of all, Hongkong in less than a day. In justification of their hurried visits he would say that it had been a question all along of either choosing between stopping in a place for a very short time or not seeing it at all.

Sir Arthur then went on to pay a tribute to "this wonderful Isle."

The building, in which they were housed, he said, was by far away the finest Y.M.C.A. building they had seen in the course of their tour in the East, and its future, he thought, would be largely determined by the men that were present that evening.

## LIKE FOOTBALL.

He always felt that running a Y.M.C.A. was very like a game of football. The forwards in the Y.M.C.A. were represented by the rank and file of members. The Association did not belong to the Committee or trustees; important though they were, but to the members and it was to the members that they looked for the future. They could make of the Association whatever they liked and he appealed to each one of them to take an executive part in the work.

The ideal Y.M.C.A. was not that in which the whole of the work was done by two or three. Participation in the administration was also good for the development of character and manhood. He appealed to members to do all they could to bring others of their acquaintance in touch with the movement.

The half backs in the Association could be likened to the officers and they were fortunate here in Hongkong in having such able men as Mr. McPherson and Mr. Hunt. They should all rally round them and do everything they could possibly do to strengthen their hands.

As a Secretary of many years standing he could testify to the tremendous strength it was to have around one man who were absolutely loyal and not looking out for opportunities for criticism. The backs, continued the speaker, could be likened to the subscribers. Unfortunately, they often kept rather too far back (laughter.)

## PROVING TOO SMALL.

He was glad to hear from Mr. McPherson that this building was already proving too small and it was hoped to go in for the completed scheme. This would mean the pushing forward of the financial campaign that would have to take place in the future and this was where the members could all help.

The goal-keeper, continued the speaker, was the Secretary. He was the man to be shot at, but he wanted to appeal to them to support Mr. McPherson and Mr. Hunt (secretaries) in the work they had in hand. It was a tremendous strength to a Secretary to know that he had a group around him who were absolutely loyal and did not always look out to criticism.

Let them consider for a moment why it was that the work of the Y.M.C.A. was worth while. He had never been to a single place in the course of this world tour but that he had had people coming up to him and speaking of what the Association had meant to them at some time in their career. Hongkong was no exception and he had been approached within the short period in which he was here by people who had been connected with the association years ago and some who had worked with it during the war.

## THE CRITICS.

The Y.M.C.A., he added, was forging ahead, and the war had seemed to give it a new lease of life. The Association was stronger to-day than it had ever been, while they were only on the fringe of opportunity.

He asked the members here to make the most of their opportunities in Hongkong. They had a palatial building, and he asked them to stick by the Association whilst here and not to be numbered among the ranks of the critics and lookers on. No one was more aware of the imperfections of the Association than himself, but criticism did not help matters and it was only by every one doing something that the Association could be improved and perfected.

Sir Arthur caused some amusement when he referred to ex-service men critics of the Y.M.C.A. who thought they had been charged a ha'penny or farthing too much for a cup of tea or coffee and forgot the hundreds of occasions when they received a cup for nothing.

## THE GAME OF LIFE.

Continuing, Sir Arthur said they had to live up to the reputation they had to make good. The great need of their Association and of the Empire to-day was for those who did the job. It was never going to be easy to win a game and it was never going to be easy to live the Christian life. He asked the young men of Hongkong, who said that it was almost impossible to live a Christian life because of the temptations, to be sports. No sportsman ever wanted to win his game easily, and the same applied to the living of a Christian life. In future years when they looked back they would be thankful that life had been difficult. It was in grappling with difficulties that they developed moral muscle. It was no use them being in the East and drawing ever so big a salary unless they were building up their character at the same time.

The speaker suggested a team for the game of life. It would be Goal, Hope, Backs, Watchfulness and Determination; Half-backs, Courage and Service on the outside, and Self Control as centre-half; for the five forwards they should have Truth and Faith as the wing forwards, with Temperance and Purity as the inside men, and for the important position, centre-forward, Love.

His prayer for them was that the Y.M.C.A. in Hongkong and Kowloon might be given "Men," men of upright character and striking calibre.

## AN APPEAL.

During this tour he had been very particular to make the strongest appeal he could to all Britishers to help the Association for the sake of what they could give and not for what they could get out of it. That was the appeal he left with them that evening with the utmost confidence that the appeal would not fall on fruitless ground. (Applause.)

The President expressed their indebtedness to Sir Arthur for his address. It would be an inspiration to the members of the Association in Hongkong. The members, continued the President, should feel that they were not merely joining a comfortable club, but that they had cast upon them by their membership of the Association the duty of rendering unselfish service to others.

## THE FOUNDER.

Sir Arthur then presented the European Y.M.C.A. with a framed photograph of Sir George Williams, the founder of the Y.M.C.A. He said that he had been asked by the President of the Association to present this photograph to the Y.M.C.A. in Hongkong. Sir Arthur recalled how the Association was started by Sir George Williams with a company of twelve others in a little room in St. Paul's Churchyard. He did not think that the founder of the great world-wide Association or his companions dreamt of how it would grow and spread in the years that followed. The Y.M.C.A. was now established in 9,000 cities, in 54 countries, and had more than 2,000,000 members. He presented the

## SENSATIONAL BURGLARY.

### CHINA BUILDING SCENE OF FURTHER COUP.

A LOSS OF \$7,300.

China Building in Queen's Road Central has once again been the scene of a daring and exceptionally clever burglary.

Two months ago, silks and jade to the value of a couple of thousand dollars were stolen overnight at the Popular Silk Store. Some of the property was discarded by the burglars in various rooms in the building, but this was all that was recovered. Excepting the arrest of a street cobbler who was convicted on a charge of receiving some of the stolen silk, no trace of the thieves was discovered.

More recently an alleged murderous assault was made on an accountant of the South China Restaurant, which is in the China Building, and his assailants were arrested.

The present robbery occurred on Friday night at the Pioneer Silk Store near the main entrance of the Building. Booty valued at \$7,300 was stolen. The store is owned by Messrs. Verhormal, Shevaram & Co., who have also an export department in Wyndham Street. All stocks were formerly kept in the attic of the burgled premises, but this plan was changed recently. It is fortunate that it was otherwise the losses might have been much more.

## THE WAY OF ENTRY.

The thieves would have little difficulty in getting into the yard at the back of the shop. Once there a flat concrete surface, which is the roof of a small building built near the wall could easily be reached. This roof goes right up to the rear wall of the shop, in which is a row of windows. These windows, which are at the top of the attic are protected by wire netting and a grill of iron bars. The grill was secured to the wooden framework by screws.

The thieves gained access by means of one of these windows. They were assuredly equipped with the necessary tools since a drill was necessary to get through the grill, and a screw-driver must also have been used. The removal of the iron bars must have meant careful work.

## NOT A SOUND HEARD.

The thieves found little of value in the attic and they did not trouble to take anything away. The booty was stolen wholly from the shop downstairs. A watchman was on duty outside the front door but his suspicions were not aroused. Even if they had been, however, and he had desired to enter the shop to investigate, he could not have done so. The thieves had from the inside effectively put in a door catch, consisting of the ring on one door, and the long hook on the other.

It was not until Saturday morning at 7.50 when a member of the staff went to open the premises, that it was found that the door could not be pushed back after undoing the lock. The catch had to be forced out before admittance could be gained.

## DRILLING THE SAFE.

As soon as the door was opened a glance sufficed to reveal what had occurred.

The thieves had not only taken valuable property, but they had also rifled the safe, which they had forced open by drilling. Some electric wiring had been wrenched free, and it was apparent that use was made of the electric light, to facilitate their work at the safe, from which about \$1,900 in money and a quantity of jade necklaces were taken.

Bulky articles were left behind. Velvet, costing \$8.50 a yard was practically cleaned out, and large quantities of lighter quality silk, varying from \$3.50 to \$5 a yard formed part of the booty, which also included silk shawls to the value of \$3,000. Discarded material lay strewn on the floor in large quantities.

Several cheques, of not very large amounts, were also stolen from the safe, but of these there are records.

On enquiry at the Police yesterday, it was stated that no arrests had been made.

## IMPROVEMENTS IN FIRE FIGHTING.

photograph to the President on behalf of the English National Council of the Association.

Sir Henry Pollock accepted the gift on behalf of the local Association and remarked that they were very gratified to receive it. The photograph would be hung in an honoured spot.

At the conclusion of the meeting, the members were introduced by Mr. Hunt to Sir Arthur and Mr. Ponsford, who carried on informal chats with them.

Afterwards Sir Arthur, Mr. Ponsford, and members of the Board of Directors and Trustees, and members of the Y.M.C.A. inspected the various parts of the building, the visitors expressing their keen pleasure and gratification with everything they saw and commenting on the fine way in which the building was kept.

## "KEEP STEADY."

Mr. BALDWIN's message to the nation emphasises the gravity of the crisis which now confronts Great Britain and the whole of the British Empire. "Keep steady and remember that peace on earth comes to men of good-will." The coal strike has commenced. At the last moment the miners expressed their willingness to co-operate with the Government in re-organising the industry, but they refused to accept any reduction of wages in the meantime. This brought about the deadlock.

The one hope now—and it is a very slender one—is that a general stoppage of all work will be avoided. The Trade Union Conference has already decided to call a strike of essential services to-night, but a later unofficial communication announces that they will delay action if the Government will temporarily continue the subsidy. Mr. Baldwin has already declared he is prepared to do this providing there is any prospect of a little more time only is required a few days subsidy would be a small price to pay for peace.

In the meantime a state of emergency has been declared and troops have been drafted to the coal field districts in case of trouble. It is in this connection that Mr. BALDWIN's warning is particularly important. If during the next few hours people lose their heads and by some ill-considered act precipitate a conflict, the slender thread to which all are clinging that some last moment development may avert disaster, will be snapped. At present, it is said, the miners are gloomy but determined. It is to be trusted that no untoward incident will serve to rouse their passions. Their Secretary has appealed to them to keep the peace and to protect the mines and to carry on safely work; to observe instructions in order to avoid anything that might lead to bloodshed.

If a general strike is called it will include all forms of transport, the printing trades, including the Press, iron and steel works, chemical and building workers except those engaged in housing and hospital work, electricity and gas. The sanitary services, however, will be continued and there will be no interference with health and food services.

If the newspapers cannot circulate the Government are arranging to commandeer the Broadcasting Company, for it is recognised that the public must be kept informed of what is happening. If there was a general strike and no news the situation would be aggravated a thousandfold. Nothing is more calculated to create a panic than to keep the people in the dark in a time of stress.

## POPULAR SENTIMENT AND THE LAW.

We are glad to have received a small pamphlet written by Mr. H. F. WALLACE, M.A., B.D., the Principal of the Anglo-Chinese College at Swatow, giving the facts relating to the confiscation of that institution by the Chinese. A few days ago we published the statement by Dr. G. W. LEAVELL regarding the closing of the Stout Memorial Hospital at Wuchow and some time previously the manifesto issued by the Committee of Management of the Canton Hospital.

These records are of extraordinary value and it is hoped they will be collated and widely circulated by the parent mission organisations in England and the United States. The missionaries in China have been patient and long suffering. They certainly cannot be accused of aggressive nationalism. Too often the opinion of some foreign residents, they have sought to find excuses for their persecutors on the ground that "they know not what they do," but everywhere now the same pitiful, saddening tale has to be told. They have been victimised by small, irresponsible bands of students, either co-operating with, or able to defy, the local authorities. Their property has been stolen from them in the most barefaced manner and there has been no suggestion of redress. Because they were helpless and isolated they have been singled out for attack.

These facts are well-known to our readers—too well-known indeed—but it must be remembered in connection with them that all the while China is claiming that the time is ripe for the abolition of extra-territoriality. What, we wonder, would the attitude adopted by the Commissioner of Foreign Affairs be towards when appeal was made to him to evict those who had taken possession of the Anglo-Chinese College. The course of the negotiations is fully revealed in Mr. WALLACE's pamphlet. "The property," said the Commissioner, "was held in trust by the Mission and since now popular sentiment was all in favour of the recovery of educational control by the Chinese, the control of the property by the Mission was consequently cancelled."

What is the use of discussing the abolition of extra-territoriality with people who apparently believe that "popular sentiment" as represented by a few young and noisy members of the community can override the law. One might as well entrust one's life and property to a mob. The disingenuous statement was made by the Commissioner that the Mission could no longer carry out its trust because "circumstances had greatly changed and not only the people of Swatow, but the teachers and students of the College no longer had confidence in the British." Of course he knew that the Mission was not present conditions, but there is absolutely no liberty of speech or action and that any expression of confidence in the British would be met with threats and acts of violence.

The Swatow Anglo-Chinese College was opened in 1904. A total of \$30,000 from British sources. In addition British sympathisers contributed a very large proportion of the \$95,000 spent in running expenses during the past twenty years. Every donor of money was perfectly well aware that the College had a definitely Christian character and was under the management of the English Presbyterian Mission. When the students took over affairs there were as many holidays as working days and on the working days students attended classes or not as they chose. The term-end examinations, dropped and cheating became rife.

Mr. WALLACE presents these and similar facts and makes an eloquent appeal against injustice, "not merely or mainly to British people, but to all Chinese who believe in fair treatment for the Church and in honourable dealing between those who differ whether in religion or nationality." In present circumstances we cannot appeal very effectively to the Chinese in China who believe in fair treatment. But we would urge that the case of the Missions, as drawn up in the official statements now made by their own representatives, should be presented as vigorously as possible to the British public.

Mr. Harry Ore is to give a piano recital at the City Hall on Monday, May 17th, at 5.30 p.m.

The Government is inviting tenders for furniture for Victoria Hospital, and for the new Bonham Road School.

It is announced that the normal working of the cable service with Shanghai and beyond has now been re-established.

H.E. the Governor (Sir Cecil Clementi, K.C.M.G.) has decided to inspect the Hongkong Police Force to-morrow at 4 p.m. Instead of Tuesday next week, which was the date fixed when the event was postponed for the third time on account of bad weather.

A Chinese girl was knocked down in Causeway Road on Friday by a motor-cycle ridden by Mr. F. P. R. James, of the P.W.D. In swerving to avoid the girl, Mr. James also collided with a coolie. No one was seriously hurt.

An American fireman, named H. L. Parker, of the U.S. Destroyer No. 247 (part of the U.S. Destroyer Division now in port) was removed to the Government Civil Hospital last night suffering from severe head injuries, apparently received during a fight.

A rock of about 60 tons weight fell from the hillside of Tai Hang (Causeway Bay district) early yesterday morning, and in doing so knocked down two houses in course of construction, the property of Mr. Chan Kai. The rock and debris it brought with it also carried away part of the matched belonging to the Tak Cheong Company, and the landslide blocked up the nullah with rocks and stones. None was injured. The damage caused is not known.

The Bishop of Victoria, will license Mr. J. E. Hunt, C.B.E., as Diocesan Reader of St. Andrew's, Kowloon, on Whit Sunday, at 11 a.m.

The return of the Medical Officer of Health for the 24 hours ended April 30th records two cases of enteric fever (one Chinese and one Indian).

A welcome is extended in the St. Andrew's Church—Notes to Miss M. Higgins, Mr. Hollingdale, and Mr. E. C. Thomas, who have joined the choir.

There was a large attendance at the May Day Carnival at the Repulse Bay Hotel on Saturday night, and the function was most successful and enjoyable.

A destroyer division of the United States Asiatic Fleet, which has been visiting Singapore, from Java, in the Philippines, arrived at Hongkong during the week-end.

H.E. the Governor has appointed Private E. P. Minett, V.D., as Medical Officer of the Hongkong Volunteer Defence Corps, with the rank of Lieutenant, with effect from April 18th.

It is notified in the Government Gazette that Shaukiwan Island Lot 538, which contains about 1,140 square feet of land will be offered for sale at the P.W.D. Offices on May 17th. The upset price is a dollar a foot.

St. Andrew's Kowloon, having recently received a gift for a Frontal for the Holy Table, has given the one formerly used in the Church to St. Andrew's Theological Hostel, Canton, which is under the Church Missionary Society.

An Al Fresco concert will be held on the Kowloon Vicarage Tennis Court on Monday, May 31st. An effort is to be made to raise \$1,000 in aid of the Church Missionary Association and the St. Peter's Church repair fund. Tickets will be \$1 each.

Among the Hongkong passengers on the P. & O. s.s. *Alcedonia* who were going home on leave were Detective Sub-Inspector A. J. W. Doring and Sub-Inspector Barnett, of the New Territories. Mr. Doring was accompanied by Mrs. Doring and two children.

No. 10, Victoria Road, an official nature marked Labour Day (Saturday) in the Colony. The occasion was, however, observed as a holiday by two or three unions. Flags were flown at the headquarters of the chief guilds, and a few of the guilds held banquets.

Next month's issue of the *Monthly Messenger* of St. Andrew's Church, Kowloon, is to contain an article specially written for the magazine by a Kowloon gentleman who wishes to remain anonymous on "When it was dark," with a sub-title "A Confession." It sounds interesting.

A heavy mail was landed from the P. & O. s.s. *Khyber* on Saturday. Out of a total of 406 bags, 105 bags of letters and papers were from the United Kingdom (dated London, April 1st). Home were 138 bags of parcels from Home (London, March 25th). The remainder of the mail comprised matter from Europe and the Straits.

The bathing picnics in connection with St. Andrew's Church, Kowloon, are to commence on Wednesday, May 12th, and will be held every week. The Kowloon Dock Company have again put a launch at the disposal of the Church, and it will leave the Police Pier at 3 p.m. and Blake Pier at 5.10 p.m. sharp. Stonecutters will be the rendezvous and a charge of fifty cents be made to cover the cost of tea which is provided.

Mrs. S. B. B. McElderry and her two daughters left for Home by the *Macdonaldia* on Saturday. Others travelling by the same steamer included Mr. Ling by the same steamer and two daughters, and Mrs. McNeillie and Miss Mr. and Mrs. A. Fothergill and Miss J. Fothergill and Mr. L. Fothergill, Mr. and Mrs. T. G. Bennett, and Mr. and Mrs. A. Davidson and Miss Davidson. The full list of the passengers will be found in our shipping columns.

The St. Andrew's Church Sunday School celebrated its seventh annual festival yesterday, and at both the morning and evening services the Church was filled to overflowing, in spite of the extra seating accommodation provided. Both services were conducted by the Vicar (the Rev. G. R. Lindsay) and the children sang special and appropriate hymns. Mr. Rupert Baldwin, A.T.C.L., took up his duties as organist and created an excellent impression by his playing. At the close of the evening service, the prizes for attendance were distributed by the Vicar. The offertories at each service were for Dr. Barnardo's Homes, and amounted to about \$170.

On Saturday the Hongkong Hotel opened their new restaurant, adjoining the Gas Company's show-room, Des Vaux Road Central. Many patrons availed themselves of the opportunity of taking tiffin there, and there is every indication, judging from Saturday's attendance, that this latest enterprise of the Hongkong and Shanghai Hotels, Ltd., will meet with success. There is a ladies' retiring room and also a gentlemen's cloak-room attached to the restaurant. Displayed in the windows, at the entrance, is a fine assortment of "Chop fruits, confections and pastries." A "Chop Suey" prepared by an expert chef from the United States. Tiffins can be obtained at the restaurant from 12 noon to 2.30 p.m. each day at a cost of \$1; while dinners are served from 6 p.m. to 9.30 p.m. at a charge of \$1.25. Books of thirty tickets for tiffins can be obtained for \$25.

## WANCHAI BATTLE.

## AMERICAN SAILORS AND CHINESE "COOLIES" CLASH.

Shortly after 10 o'clock last night in Spring Garden Lane, a pitched battle occurred between American sailors and Chinese coolies.

It appears that an American sailor struck a Chinese, and the insulted man called on his friends, with the result that brick bats were thrown at the sailors. The latter soon got their friends to come to the rescue, and a fierce battle ensued.

The battle lasted for about 10 minutes, in which several Chinese were hurt. A number received nasty injuries to their heads.

About 800 Chinese fought with 30 American sailors.

The Police were promptly on the scene, under Divisional-Inspector Ogs, and the Chinese immediately dispersed, and the arrival of the Police finished what might have proved a very serious affair.

Spring Garden Lane, after the battle, was littered with stones, which were got from an adjoining building in the course of erection. Among the stones a crow-bar was found, though this apparently had not been used.

## NEW COLONIAL SECRETARY.

## ARRIVAL OF MR. W. T. SOUTHORN.

The Hon. Mr. W. T. Southorn, the new Colonial Secretary, arrived in the Colony on Saturday by the P. & O. liner *Khyber*.

He was met on his arrival by the Hon. Mr. E. R. Hallifax (acting Colonial Secretary), Commander G. F. Hole (the Harbour Master), the Hon. Mr. H. T. Creasy (Director of Public Works), and H.E. the Governor's private secretary (Mr. L. Forster). His Excellency's children were also with the party.

Mr. Southorn is staying at Mountain Lodge for the time being.

## PRINCESS JULIANA.

## CELEBRATION OF 17th BIRTHDAY.

On Friday H.R.H. Princess Juliana, the only daughter of the Queen of Holland and Prince Henry, celebrated her 17th birthday.

In honour of this event, Mr. M. J. Quist, Consul-General for the Netherlands in Hongkong, was "At Home" at his residence No. 8, Brankmoor Towers, to members of the Dutch community in Hongkong and their friends. Mr. Quist entertained his guests to tea and the health of Her Royal Highness, the Princess was drunk.

When Princess Juliana becomes of age on April 30th next year, she will be given a palace in order that she may start an establishment of her own.

## POLICE PENSIONS.

## NEW REGULATION.

The regulations regarding pensions of European and non-European Officers, Subordinate Officers and Constables of the Police Force made by H.E. the Governor in Council are amended by the following regulation.

Where an officer is removed from his office on the ground of his inability to discharge efficiently the duties thereof, and a pension, gratuity, or other allowance cannot otherwise be granted to him under the provisions of these regulations, the Governor in Council, with the approval of the Secretary of State, may if he considers it justifiable, having regard to all the circumstances of the case, grant such a pension, gratuity, or other allowance as he thinks just and proper, but in no case exceeding in amount that for which the officer would be qualified if he were suffering from some infirmity of mind or body likely to be permanent.

## THEOSOPHY.

## COMMENT BY REV. G. R. LINDSAY.

The Rev. G. R. Lindsay (Vicar of St. Andrew's Church, Kowloon) comments as under in his monthly notes in the *Monthly Messenger* regarding Theosophy. Enquiries into the cult of Theosophy have often been led to believe that its teaching is compatible with Christianity. In view of recent pronouncements such a claim cannot now be made any longer.

Mrs. Besant believes that "The World Teacher" did once before assume the body of a disciple called Jesus to carry on his earthly work at that time, and a similar event is now to take place; Krishnamurti's body has been chosen as the vehicle of the World Teacher.

If this is Theosophy then Christianity and Theosophy are fundamentally opposed in the one point that matters. To the Christian, Jesus is not a human vehicle for a World Teacher, but the Lord and Giver of life. He is the very centre of the Christian hope and without whom Christianity is meaningless. He is the same, yesterday, to-day and for ever and therefore cannot be superseded.

## COAL STRIKE COMMENCED.

## TRADES UNION CONGRESS THREATEN GENERAL STRIKE TO-NIGHT.

## PROCLAMATION ANNOUNCES STATE OF EMERGENCY.

## TROOPS SENT TO COALFIELD DISTRICTS.

[THROUGH REUTER'S AGENCY.]

THE COAL STRIKE HAS COMMENCED IN GREAT BRITAIN. BUT THERE IS STILL A HOPE THAT A GENERAL STRIKE WILL BE AVOIDED. THE TRADE UNION CONFERENCE DECIDED TO CALL A GENERAL STRIKE ON MONDAY (MID-NIGHT) IF THE MINERS' DISPUTE WAS NOT SETTLED. A LATE TELEGRAM DECLARES, HOWEVER, THAT THE CONFERENCE HAS EXPRESSED WILLINGNESS TO DELAY THE OPERATION OF THEIR NOTICES FOR A GENERAL STOPPAGE IF THE GOVERNMENT WILL CONTINUE THE SUBSIDY TEMPORARILY AND THE MINE-OWNERS WITHDRAW THEIR NOTICES. THE COURSE OF THE FEVERISH LAST MINUTE NEGOTIATIONS IS SHOWN IN THE FOLLOWING CABLES:

London, April 30th. The coal situation has been most critical all day.

Mr. Baldwin asked the miners to be in his room at the House of Commons at 10.30 in the morning, and they were still waiting there at noon, as Mr. Baldwin was still engaged at Downing Street with the coal-owners' negotiating committee whose revised offer it is understood was based on an eight-hours day and a slightly reduced wage.

Meanwhile, a hurriedly convened meeting of the General Council of the Trade Union Congress intensified the expectancy of dramatic developments. The meeting lasted for one hour and subsequently 1,500 delegates of the Conference of Affiliated Unions assembled awaiting the outcome of the conversations between Mr. Baldwin and the miners at the House of Commons.

It was expected that a statement would be made in the Commons at four o'clock in the afternoon, but the House adjourned without any statement being made. Mr. Baldwin having left the miners considering the owners' proposals. The belief that a general strike is inevitable was strengthened when it was unofficially announced that the miners had rejected the revised offer and when it was learned that a special Cabinet meeting had been summoned late in the afternoon, while arrangements were being made to bring the whole miners' delegates and the Executives of 200 Unions affiliated to the Trades Union Congress together early in the evening when a vital decision was expected to be taken, the miners acting in conjunction with the whole Trade Union movement.

## PRIVY COUNCIL SUMMONED.

H.M. the King has arrived from Windsor to attend a meeting of the Privy Council at Buckingham Palace.

The coal-owners arrived at the House of Commons at five in the afternoon and the miners and Trade Union representatives also attended. It is rumoured that the negotiations will be reopened.

A demonstration of women Unionists was being held at the Albert Hall, at which Sir Austen Chamberlain in the course of a speech on foreign policy, emphasised the gravity of the coal situation. The meeting closed with the audience standing in silent prayer for several minutes, and the silence was broken by the organ playing the National Anthem.

## EMERGENCY PREPARATIONS.

The Ministry of Health has circularised the local authorities stating that in the event of a national coal stoppage, the Government will consider it necessary that part of the organisation already arranged to cope with emergencies should be set in readiness to operate.

Accordingly, the Ministry transmits a list of Civil Commissioners and Divisional Staffs which will be established upon the issue of a Proclamation under the Emergency Powers Act, should the Government deem such a Proclamation necessary in the national interest. The Circular adds if the stoppage is confined to the coal industry it is hoped it will not be necessary to expand this emergency organisation extensively or to call for recruits to assist in maintaining essential services, but in the event of the stoppage of other industries effecting such services, it is hoped the local authorities will co-operate as fully as possible with the volunteer service committees.

## [BRITISH WIRELESS SERVICE.]

## NOW THE DAY WENT.

ROOBY, April 30th.

Negotiations in the coal dispute have been proceeding actively from an early hour this morning.

The Premier was in conference with Sir Arthur Steel Maitland, Minister of Labour, and Colonel Lane Fox, Secretary for Mines, at eight o'clock this morning. At noon the Premier and his two colleagues received representatives of the coal owners who submitted details of new proposals.

It is understood that these proposals consisted of new wages terms and a national minimum which the coal-owners were prepared to offer in return for a revision on hours and that it was explained that this did not necessarily mean a week of 48 hours. The coal-owners' new offer was conveyed to the miners and to the Industrial Committee of the Trades Union Congress. The Miners' representatives considered the proposals at a lengthy meeting and consulted the Trades Union Congress Committee.

The result of their deliberations is stated to have been unfavourable to the proposals. The miners' leaders then took the steps of instructing the National Conference of Miners' Delegates to join the conference of Executives of other Trades Unions with a view to a discussion of the whole position by the Trades Union movement generally.

During the afternoon and evening the negotiations have continued. The Premier taking a leading part, and a joint meeting of the miners' delegates and Executives of other Trades Unions has been postponed from hour to hour. Little time now remains for a settlement as notices to the miners expire to-night. But the prolonged discussions which have taken place are regarded in political circles as indicating that there is still hope of an eleventh-hour development which may avert a stoppage in the coal industry.

[THROUGH REUTER'S AGENCY.]

## STRIKE BEGUN.

London, April 30th. The miners have rejected the owners' revised offer.

An official announcement says that the coal negotiations have failed and that the strike will begin at midnight.

London, May 1st. The long drawn tension before the coal negotiations broke down and the coal strike or "lock out," as miners sympathise has been compared to that preceding Britain's declaration of war in 1914. Whether the parallel will be drawn closer or not depends on the decision of the Trade Union Congress to-day in regard to what help the miners will get from other Unions.

Meanwhile, emergency plans to meet the national crisis are maturing. It is understood that a proclamation of national emergency was signed by the King yesterday evening but it will not be issued unless circumstances warrant it. Arrangements for maintaining essential services will be in the hands of ten Civil Commissioners, one for each of ten districts into which the country has been divided, the Postmaster General being the Chief Civil Commissioner. Motor lorries began to assemble in Hyde Park yesterday evening as a precautionary measure in order to ensure London's milk and produce supplies. The railway companies have prepared plans of a skeleton service if a general strike materialises. Special trains are said to be ready at Plymouth Dockyard and certain specialist naval ratings have been notified to hold themselves ready for any emergency.

## THE FATAL ROCK.

The coal negotiations broke down because the miners finally absolutely refused to accept a reduced wage at the 1921 rate before the reorganisation of the industry.

The owners offered a uniform national minimum of 50 per cent. over the standard, namely the same percentage as the 1921 settlement. The offer was made on the basis of an eight-hour day because they were of opinion that in view of the poor state of the exporting districts it would otherwise be impossible to offer an acceptable uniform national minimum.

The Government, in conveying this offer to the Trade Unionists, guaranteed the carrying out of the Royal Commission's reorganisation proposal.

The Trade Unionists replied expressing their willingness to co-operate with the Government in instituting such reorganisation, and declaring that until reorganisation had brought the industry greater prosperity the miners should not be called on to surrender any of their present inadequate wages conditions.

## NO WAGE REDUCTION.

The Government then enquired whether, if the coalowners suspended the notices, the miners would accept the recommendation of the Royal Commission that while reorganisation should proceed the miners should consent to a reduction in wages in the meantime.

The miners replied they were not prepared to accept a reduction of wages as a preliminary to re-organisation of the industry, but were prepared fully to consider all the difficulties of the industry when the Government initiated schemes of re-organisation. The Government finally offered if the miners accepted the report of the Commission, including wages, to establish an Advisory Committee on which the miners and owners would be represented, to advise the Minister of Mines in regard to the re-organisation of the industry.

The miners' leader, in his reply, made it perfectly clear that he could not accept any reduction in wages, so the negotiations terminated at 11.30.

## STATE OF EMERGENCY.

A proclamation published in the *London Gazette* dated "Buckingham Palace, April 30th" says that whereas the present immediate threat of a cessation of work in the coalmines constitutes a state of emergency under the Emergency Powers Act, 1920, we do by add with the advice of the Privy Council declare that a state of emergency exists.

## WARNING TO TRADE UNIONISTS.

LATER. Keep steady and remember that peace on earth comes to men of goodwill. This was the message of Mr. Stanley Baldwin to the nation which was broadcast this evening. The Premier's use of this medium of communication is interesting in view of the reported intention of the Government to commandeer the British Broadcasting Company in the event of the closing down of the press.

Referring to this suggested possibility, an official statement issued at the close of a long sitting of the Trade Union Congress this afternoon says the General Council of the Congress are arranging direct communication with the offices of the Trade Unions to which all authoritative reports and announcements will be made directly. The General Council warns Trade Unionists to "Take no notice of any statement that may be broadcast wirelessly or circulated in any other form."

## GENERAL STRIKE OF VITAL SERVICES.

LATER. The Trade Union Conference has decided to call a general strike of vital services, including transport, on Tuesday if there is no settlement of the miners' dispute.

## SHIPS RECALLED TO ENGLAND.

LATER. Orders have been received at South Wales ports to suspend export of coal. Ships which have already sailed have been ordered by wireless to return, which is an indication that all the coal in the country is under the control of the Government.

The Trade Unions offer to maintain the distribution of essential foodstuffs.

## GENERAL CESSATION OF WORK.

A conference of the Executives of the Unions affiliated to the Trades Union Congress met in London secretly, to discuss their policy to support the miners. A resolution submitted provides for an embargo in handling coal, especially imported at docks. It is not contemplated there will be a general strike at this stage. The delegates believed negotiations would be reopened.

The miners' delegates previously sat for one hour fifty minutes, and decided to leave the conduct of matters in the hands of the Council of the Trade Union Congress.

Mr. Herbert Smith urged the miners in the districts to refrain from action giving the authorities the excuse of interference with our people.

Reports from the coal-fields indicate a general cessation of work. Everything is orderly. The miners are gloomy, but determined.

## MANCHESTER BUT SLIGHTLY AFFECTED.

MANCHESTER, May 1st.

Big industrial concerns in Manchester and neighbourhood are well prepared to meet emergencies, and there is little likelihood of curtailed production for some time. Most of the cotton mills now use electricity, and depend on Municipal supplies, which are not likely to be curtailed yet. Others have the biggest stocks of coal.

The recommendations of the Short Time Committee that the American Spinning Section should cease working temporarily next week will ease matters. The opinion is generally expressed that the coal stoppage will only slightly interfere with work.

## TROOPS MOVED AS PRECAUTION.

LONDON, May 1st.

The Government, as a precaution, have moved detachments of troops into South Wales, Lancashire and Scotland.

A memorandum of the Trade Union Congress says the trades involved in the strike call include all forms of transport, printing trades (including the Press), iron and steel, chemical and building workers except those employed in housing or hospital work; electricity and gas, but the sanitary services are to be continued.

There will be no interference with health and food services. The memorandum prescribes the regulations of Trade Union discipline, and declares that any found meeting the workers to riot must be dealt with immediately.

## T.U.C. POLICY.

LATER. The Chairman of the Trade Union Congress said the Trade Unionists fully supporting the Council's policy numbered 3,032,227, and the Trade Unionists who negated the policy 49,911.

Mr. Ernest Bevin expressed the Council's appreciation of the magnificent response of the various executives to its proposals. The Council did not submit proposals for action until it was learned that the Emergency Powers Act had been signed and propaganda had been started, which was considered as proof that the Government were behind the scenes in mobilising the forces of war.

We have not declared war on the community. War has been declared by the Government. We are selecting certain vital trades to bear the first brunt of the contest, and there must be no argument as to who shall remain in, and who shall come out. You must take and obey orders. Members told to operate the voluntary services must not be interfered with.

Mr. Ramsay MacDonald said the Government had decided to fight the people's standard of living. He believed they had got peace at ten o'clock last night, and the decision of the Government to break off negotiations last night was a crime against society and was an unnecessary wicked and criminal fight. They would raise the whole question in the House of Commons on Monday by standing by the miners, but he was still hoping something would happen before then to enable the workers to continue at their posts.

## MINERS' LEADER'S APPEAL TO MEN.

LATER. Mr. Cook, the Miners' Secretary, said "We shall urge the men to keep the peace and protect the mines and carry on safety work. I personally appeal to the men to observe instructions, so as to avoid any

## RUSSO-GERMAN TREATY.

## FOREIGN SECRETARY AND LOCARNO SPIRIT.

ROOBY, April 30th.

Sir Austen Chamberlain, in the course of a speech made at the Albert Hall this afternoon, referred to the recently concluded treaty between Germany and the Soviet Republic of Russia. He said: "I am not prepared at the moment to express a considered judgment until I have studied the document very seriously. But I shall study it in the hope that I shall find that the German Ministers, who assured us that they would do nothing inconsistent with the achievements of Locarno, have kept their word. I shall read the document with the hope that I may find that its language is appropriate to the purposes which I believe the German Ministers sincerely entertain. They no less than we have need of peace and the British Government, whether in their case or others, have never sought to stir up trouble between other nations. They have never viewed with jealousy or attempted to prevent any possible improvements in the relations between other nations, and the fact that German statesmen have signed the treaty with the Soviet of Russia, subject to my examination of its terms, seems to me a perfectly natural thing to do. We have the right to insist that they should be loyal to their professed engagements, to the partners whom they met at Locarno and that on the eve of their entering into the League of Nations they shall not take any steps or incur any obligations inconsistent with the fulfilment of the Covenant and with the local membership of that body."

## RUBBER PRODUCERS.

## NEED FOR COLLABORATION IN FUTURE.

LONDON, May 1st. Presiding at the annual meeting of the Rubber-growers' Association, Mr. W. D. Campbell said he was hopeful that if, as seemed probable, they saw in the future some collaboration among producers in marketing produce, they might arrive at greater stability of price than was possible in the past.

## ANOTHER BY-ELECTION.

## WELL-KNOWN CONSERVATIVE

## M.P. RESIGNS HIS SEAT.

LONDON, April 30th.

Mr. Ashmead-Bartlett, who has been Conservative Member of Parliament for North Hants since the last election, has resigned his seat.

Mr. E. Ashmead Bartlett, C.B.E., is one of Britain's most famous war correspondents. As long ago as 1909 he accompanied the Turkish Army during the Graco-Turkish War, and since that time has seen war service in South Africa, in the Russo-Japanese War, with French and Spanish campaigns in Morocco, with the Italian army in Tripoli, in the First Balkan War, and throughout the Great War, first at the Dardanelles and later in France. He has published many books on his experiences. He is 45 years of age.

untoward incident that possibly might lead to bloodshed.

## STILL A HOPE OF PEACE.

LATER. There may possibly be an important development in the crisis this evening, as, on the invitation of the Premier the Trade Union Congress Negotiating Committee held a long conference with the Premier and the Cabinet at No. 10, Downing Street. It is understood that in the course of the meeting the Trade Union Congress representatives stated that if resumed negotiations were immediate there was the prospect of the general strike, due to begin at mid-night on Monday not being carried out.

The Trade Union Congress representatives, it is understood, content that owing to the lateness of the owners' offer, presented to them on Friday evening, there was no time for real negotiations on this.

## PROSPECT OF FURTHER DISCUSSIONS.

The meeting of the Premier and the Trade Unionists at Downing Street adjourned at 1.30 this morning, after a five hour sitting.

Mr. J. H. Thomas, in an official announcement to the Press, "does not reveal the subject matter of the discussions," but concludes by saying "The matter was adjourned with the hope that further negotiations will occur to-day."

## WILLINGNESS TO DELAY NOTICES.

LONDON, May 2nd. The *Sunday Times* learns that the Council of the Trade Union Congress at last night's conference with Mr. Baldwin expressed willingness to delay the operation of notices for a general stoppage if the Government will grant temporarily continuation of the subsidy and owners withdraw their notices.

## [REUTER'S AMERICAN SERVICE.]

## HOW AMERICA IS AFFECTED.

NEW YORK, May 1st. The British strike decision was held responsible for the irregular opening of the Stock Market. Recent bullish enthusiasm was dampened by the selling of sterling, demand rate dropping 3 per cent.

Other markets are also adversely influenced, but the coal-market is buoyant in expectation of higher prices and better demand in the American market. Shipping circles foresee a rise in charter rates.

## PEACE POURPARLOIRS.

## NEWS FROM UJDA VERY GLOOMY.

PARIS, May 1st.

The Moroccan peace conference is at a deadlock. News from Ujda is very gloomy.

## THREAT TO RENEW HOSTILITIES.

UJDA, May 1st.

The Rif delegates are returning to their territory to consult Abd el Krim regarding documents handed to them by General Simon on behalf of the Franco-Spanish delegates. The latter informed the Rif delegates that if the Franco-Spanish conditions are not accepted, and all prisoners held by the Rifs not handed over by May 8th, the two Governments will resume entire liberty of action on May 7th.

## THE INDIAN RIOTS.

## BRITISH SOLDIERS REINFORCE THE POLICE.

CALCUTTA, April 30th.

The situation is quiet but shops in the Indian quarters are still closed. Four of the wounded have died.

A Government *communiqué* states that the Calcutta police has been reinforced by 240 men of the Frontier Rifles, 60 Gurkhas and 50 men of the 1st North Staffs as sergeants, whilst 50 of the Cheshires and Frontier Rifles are coming from Darjeeling.

Raids on known resorts of evil characters are being vigorously prosecuted with excellent results. Lord Lytton has arrived from Darjeeling, and has toured the affected areas and visited hospitals.

A conference of representatives of the Hindu, Mohammedan and Sikh communities in Bengal has appointed a committee to formulate measures to restore a better feeling between the Hindus and Moslems, and has also passed a resolution declaring the Government to blame for not giving citizens sufficient protection at the beginning and for not adopting promptly adequate measures to prevent the situation getting out of hand.

Calcutta, May 1st.

Apparently calm has been restored. There were no cases of stabbing or assault yesterday, for the first time since the beginning of the riots.

## DUTCH MOTOR-SHIPS.

## TO CARRY AUSTRALIAN MEAT TO JAVA.

AMSTERDAM, April 30th.

Plans of the Royal Packet Steamship Company have been advanced for the construction of two large motor ships of the *Indiopac* type for the Java-Australia service.

They will be equipped with refrigerators for the import of Australian meat to Java.

## HOME BOXING.

## HOLDER RETAINS HEAVYWEIGHT CHAMPIONSHIP.

LONDON, April 30th.

At Manchester to-night in a twenty-rounds contest for the heavyweight championship of Great Britain, Scott, the holder, beat Boy McCormick in the tenth round. McCormick's second threw in the towel.

McCormick was completely outclassed, though plucky. Scott appeared to play with him when he could have knocked him out. McCormick failed to land a single blow of any power, while Scott after the eighth round, punished his opponent. McCormick was obviously weak at the end of the ninth round. Scott forced the pace in the tenth and scored repeatedly with lefts and rights to the head. A hard right midway in the round staggered McCormick, who was almost down when his seconds threw in the towel.

## U.S. TO SEEK CLOSER CO-OPERATION WITH BRITAIN.

WASHINGTON, April 30th.

A delegation of State Department and Prohibition officials is expected to sail for Britain on May 22nd to arrange closer co-operation with Great Britain to check liquor smuggling from Britain. It is believed that some form of Treaty is contemplated.

## WIRELESS PHOTOGRAPHY.

## LONDON PICTURES PUBLISHED IN NEW YORK.

NEW YORK, May 1st.

The first commercial photographs wirelessly across the Atlantic are published in the *Herald and Tribune*. The photographs are of an English horse-race, two groups of pilgrims, a dinner in honour of the Marquis Reading, and the *World* publishes a lifelike portrait of Mr. Stanley Baldwin.

They are recognizable, though slightly hazy with weathering the storm en route. The photographs were transmitted from London in 105 minutes.

## "CHICHIBU MARU" TRAGEDY.

## 60 SAVED FROM SEA BUT MANY MISSING.

TOKYO, May 1st.

Authorities concerned have received a despatch reporting that all the crew of the s.s. *Chichibu Maru* were saved by the vessels *Fumi Maru* and *Urushi Maru* which went to the rescue but owners have not yet received confirmation. 150 STILL MISSING.

LATER.

It is officially stated that a wireless message has been received reporting that the *Fumi Maru* picked up 60 people, who reached land, but 150 are still missing. It appears the crew attempted to escape by the lifeboats when the vessel went aground, breaking her back, but the storm drove them out to sea. The search is continuing.

[A message dated April 28th stated that the *Chichibu Maru*, of 1,540 tons, went aground off Haromushiro, Kurile, during a storm and 230 passengers were missing.]

SHANGHAI, May 1st.

The Danish aviators are safe. A very brief despatch to the local Consul-General says that owing to engine trouble they landed yesterday at a village ten miles north-east of Yucheng, which is twenty-five miles north-west of Tsinaifu.

## FRENCH DEBT TO U.S.

## EFFECT OF SETTLEMENT ON AMERICAN STOCKS.

NEW YORK, April 30th.

It is understood that the French debt agreement only requires legislative ratification in both countries to make it finally binding. Stocks resumed an upward movement under a bullish tendency created by the French settlement, but French and Belgian currencies sank to low records of 3.25 and 3.35 on selling originating from Europe.

WELL RECEIVED.

LATER. French Bonds reflected Wall Street's favourable response to the debt settlement. French Government seven per cent. and eight per cent. Bonds advanced gradually to the highest price of this year.

Most Municipal and railroad stocks rose. The settlement is generally favourably received, prominent bankers describing it as "the outstanding international event since the League of Nations fiasco in March. If full use is made of the opportunities offered, French credit will escape disaster by a narrow margin."

## THE GUIDING INFLUENCE.

The *New York World* says that from the viewpoint of reasonableness the agreement is satisfactory. Early payment will neither burden France unduly nor upset international trade.

It concludes that the Debt Commissioners were more influenced by the need for a prompt settlement than by any change in the Caillaux figures.

## SENT TO CONGRESS.

WASHINGTON, April 30th. President Coolidge has transmitted the French debt settlement to Congress for ratification. "FAIR AND JUST."

LATER.

In a message accompanying the French debt document President Coolidge expressed the opinion that the settlement is fair and just to both Governments.

## TREASURY SECRETARY'S VIEWS.

Mr. Andrew W. Mellon, Secretary of the Treasury, in an interview, expressed the opinion that the settlement represented substantially France's capacity to pay.

He added that unless France was enabled soon to fix the amount of her obligations abroad and definitely provide for them in her Budget, there might be grave danger of a complete breakdown in French finances.

## SCENE IN SENATE.

Prior to the receipt of President Coolidge's message the floor of the Senate was the scene of a bitter debate on the debt agreements.

Senator Reed led the opposition, charging the Debt Funding Commission with exceeding the law under which it was created.

Senator Smoot, in reply, emphatically declared that the Commission had only done what Congress desired by settling debts according to the capacity of the debtor countries to pay.

## HONGKONG SHIPPING.

The week-end shipping statement showed some interesting comparisons. With only one more arrival than on Saturday, freight entered yesterday for Hongkong exceeded the previous day's total by some 10,000 tons. This, however, was explained by the fact that there was a large entry of liquid fuel; while general cargo was also nearly three thousand tons heavier. With regard to freight for ports beyond, this showed a decrease of over six thousand tons on the Saturday return. The total freight entered for yesterday showed an increase of over four thousand tons on the Saturday return.

The returns for the twenty-four hours ended at 9 a.m. on Saturday showed that at that hour there were 38 vessels in the harbour, of which 23 were British. Arrivals over this period numbered seven—four British, one Japanese and two Chinese. The departures came to thirteen—ten British, two American and one French. The arrivals for the twenty-four hours ended at 9 a.m. yesterday numbered eight—four British, one Dutch, one Spanish, one Portuguese and one Chinese. The departures over the same period came to twelve—four British, one Spanish, one Japanese and six Chinese. The total number of vessels in harbour yesterday at 9 a.m. was 35, of which 27 were British.

## CARGO ENTERED.

(During the 24 hours ended at 9 a.m. yesterday.)

For Hongkong ..... 13,070 tons.  
 For ports beyond ..... 6,012

Total ..... 19,082

(During the previous 24 hours ended at 9 a.m. on Saturday.)

For Hongkong ..... 2,560 tons.  
 For ports beyond ..... 12,298

Total ..... 14,758

Of the cargo entered for Hongkong yesterday, 3,047 tons consisted of general cargo, 2,320 tons were coal, and 6,703 tons liquid fuel. That for ports beyond was all general cargo. The Saturday returns showed that 1,475 tons were carried in British vessels, with the largest entry 1,000 tons. Of the freight for ports beyond, 7,625 tons were carried in British steamers, the heaviest entry being 3,000 tons; while the remainder of the cargo was carried by a Japanese vessel (1,672 tons).

## SHIPPING NOTES.

The Master of the s.s. *St. Albans* has reported to the Harbour Office that on May 1st a submerged junk was passed in Latitude 22°55' N., Longitude 116°45' E. The junk is described as being dangerous to navigation.

Mr. T. G. Patterson, Consulting Engineer, and one of the principals of the firm of Anderson and Asie, local surveyors, has returned from Home leave. He had been away from the Colony for six months.

H.M.S. *Vindictive* left Shanghai for Weihaiwei on April 26th.

The total number of deck passengers entered for the twenty-four hours ended at 9 a.m. on Saturday was 705, of which the s.s. *Santhia* from Osaka and Amoy carried 763.

The s.s. *Kunshan* which left Hongkong on Saturday at 4 p.m. for Macao on approaching the harbour at the latter port about 7 p.m. went aground on a mudbank where the Netherlands Harbour Works Company are carrying out the reclamation scheme. Every effort was made to get the vessel off, but without avail, and eventually a Mincio water police tug came to the assistance and towed the steamer off. Instead of reaching Macao at 7 p.m., the usual time, the *Kunshan* did not berth at her wharf until about 9.15 p.m. The steamer did not receive any damage.
